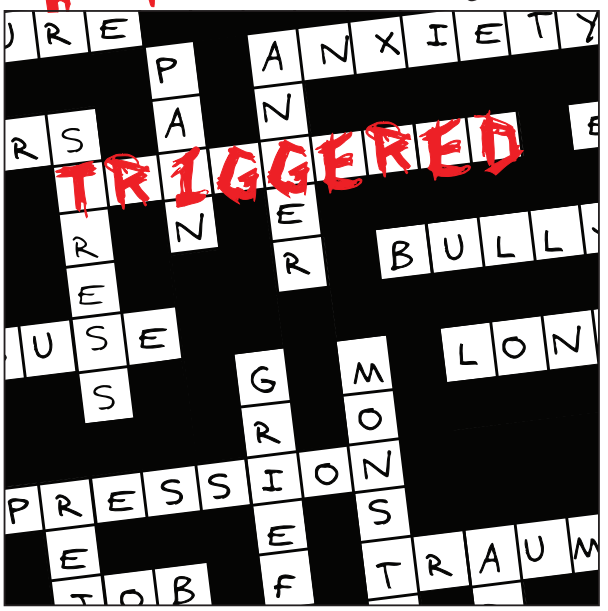
TRIGGERED

Grades 6–12 and College



Gifted actor and writer, **Michael Stoddard** has created a brilliant one-man show which deals with our nation's growing drug and alcohol disorder epidemic. Through the first-hand account of an individual recovering from these substance use disorders, Michael portrays over 20 different characters in this 50-minute production. He helps audiences to **better understand the devastating consequences faced by both the individual and the people around them who care.**

AGE APPROPRIATE

This production can be adapted to match the developmental level of the audience members.

TRIGGERED also gives audiences important wisdom based on true experiences, hopefully saving people from the ravages of these disorders.
